**"Expressive, Loose Watercolors  
Flowers to Figures"**

**Janet Rogers**  
October 6-8, 2025

**Janet Rogers** has been a working professional artist for over 40 years, and is a National Instructor, conducting workshops across the United States and Europe.

**Description:** We will begin this workshop with floral images in order to experience the discovery of color and value. Through a series of fun painting exercises, students will develop a more loose and natural approach – giving them an opportunity to be more spontaneous and expressive in their paintings.

In our approach to learning how to interpret the head and figure, we will learn to express translucent flesh tones, while focusing on the gesture of the person. Painting children will also be covered. Although we will work primarily from photos – can be mine that I bring (each student will get a photo of my demo (which I will send ahead of time so you can trace or draw) – or you can bring your favorites! In addition to class demonstrations throughout the workshop, Janet will work individually with each person also, making sure they understand the painting concepts – a truly "hands on" experience. If time permits we will do a few exercises on figures, I can supply photos (have to return to me) or you can bring some! We will be focusing on discovering how to control and make dynamic color, design and expression, we will also have "Show and Tell" – an opportunity to share and see how we exceed in our expectations!!!
