**“Boats and Reflections in  
Watercolors”**

**Steve Rogers**

May 4-6, 2026

**Steve Rogers** is a nationally-known watercolor instructor conducting workshops all over the United States as well as in Europe. He is known for his breathtaking landscapes and marine paintings.

Steve's purpose, as a REPRESENTATIONAL ARTIST is to portray the beauty of light and color in God's world as he experiences it within his heart. He has done a series of watercolors from his first trip to the Mediterranean to subsequent trips. He has been able to paint this beautiful land not as one who sees it every day, but as a "visitor", who is awestruck by something fresh and new and at the same time very ancient.

**Description:** My workshop will encourage students at all levels to advance their own vision and to improve the skills necessary to communicate that in watercolor. I paint and teach in a very straightforward traditional manner because I believe I can most honestly say what I want to with my brush and "juicy" watercolor paint. Workshop participants take away from my class knowledge about light and color and the way watercolor behaves through "mini-demos" of paint application, "dealing with dark values in watercolor", "painting reflections" and how these operate in my full painting demonstrations. I really enjoy teaching workshops and I think that translates into a comfortable learning environment for the class. Lots of student painting time along with personal help is available every day.
